

Mamm's Day Out

Saturday, November 21, 2014

Kentucky CancerLink was so happy to partner again with UK HealthCare Markey Cancer Center for the second Mamm's Day Out! Through our partnership, 26 women received screening mammograms and health education. The ladies involved were either uninsured, under-insured, or had insurance and a Saturday appointment fit their schedules.

We had a great day filled with laughter and fun! Thank you to Debbie Mattox and State Beauty Supply for donating items to Kentucky CancerLink to provide a small goody bag for the ladies.

The next Mamm's Day Out event is scheduled for **Saturday, March 21, 2015**. We are currently taking appointments for this date. Call Kentucky CancerLink at **859.309.1700** to schedule an appointment. If transportation is needed, please let us know!
